

**Upgrade safety and performance with
IPT LifeSaver Series™
Lithium Polymer batteries
for your Motorola®
XTS3000/3500/5000 radios.**

IPT batteries are manufactured with the world's highest quality cells and have operational safety circuitry. They undergo extensive testing at every phase of production, to ensure they will meet and exceed our clients' expectations. Our cases are manufactured of high quality durable plastics that will withstand a one-meter drop onto concrete.

IPT Warranty

IPT LifeSaver Series™ Lithium Polymer batteries are guaranteed to be free of defects in materials and workmanship and will maintain 80% of rated capacity for 24 months.

About IPT

Impact Power Technologies, LLC, designs and manufactures the highest quality, safest, most efficient batteries, chargers and portable power solutions available.

We are dedicated to providing our customers with increasing improvements in run time and cycle life, to improve safety and productivity for their critical applications.

IPT8610-LiP

Features

- Longer Run Time >40 hours
- Longer Cycle Life ≈ 900
- Lighter Weight 217 g

Specifications

- Model Number IPT8610-LiP
- Battery Chemistry Lithium Polymer
- Capacity 4600+ mAh
- Operating Voltage 7.5
- Operating Temp. -20°C to +60°C
